

STUDENT LED CONFERENCE: PORTFOLIO

STUDENTS TAKE OWNERSHIP OF THEIR LEARNING JOURNEY!

AARTI'S PORTFOLIO | 2016-2017

Dear Parents,

The **portfolio is a compilation of student's growth** through the year under all investments – social, emotional, physical, cognitive and spiritual. It has evidences of work that makes visible this growth.

The primary purpose of portfolio is to **document student learning** through the year. Students select the items to be included in their portfolio. Their choices define them as learners and what they believe to be important about their learning, what they value and want to make visible. Collecting evidences for this portfolio is a way of saying *"This is who I am and here is what I can do."*

When viewing this compilation of your child's work, please **encourage** them to share what they feel about the work samples as well as reflections or feedbacks received during various moments.

Enjoy this time to **celebrate** the efforts of your child as well as the teachers towards building this compilation through the year.

Regards,

Key Stage 1 Team

Logical Mathematical Thinking

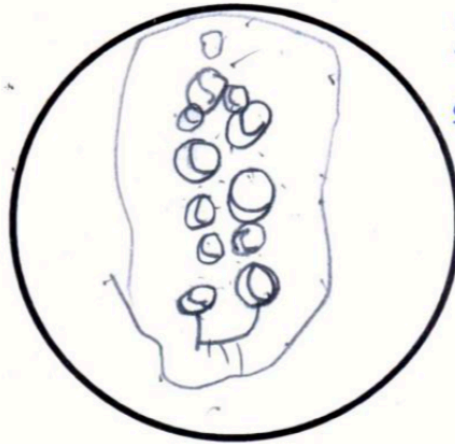

I enjoyed learning the most

The best way I learn

I enjoyed learning about increasing and decreasing order

I loved doing corner exploration and ~~etc~~ sorting/patterning

When I struggle I CAN do or GO TO....

If I don't know something or struggle with something I will go to ma'am or mumma

It is important for me to build Logical and Mathematical Thinking because..

It will help me to read the numbers on watch and get to know the time.

Program of Inquiry

This inquiry was about Camouflage

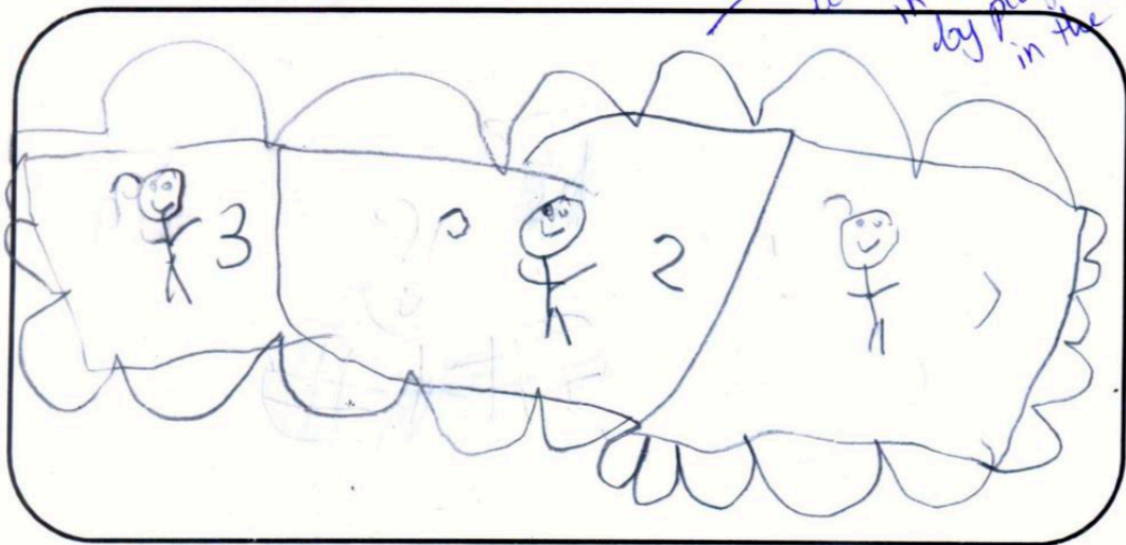

I understood that animals camouflage to save themselves. The zebra will camouflage itself from lion. The zebra is prey and the lion is predator. The lion also has to camouflage to catch the prey.

I liked learning the most when we did

I loved to go for visits and we had gone for visit ~~the~~ at Ishaan's house.

My effort to learn this..

I put effort to learn about camouflage in corner exploration by playing games in the class. (P)
